

REMARKS

The present Amendment After Allowance is being filed to effectuate Applicants' previous change in the title. In particular, in Applicants' Amendment of June 28, 2005, Applicants changed to the title of the present application to:

-- METHODS OF FORMING CAPACITORS OF SEMICONDUCTOR DEVICES
INCLUDING SILICON-GERMANIUM AND METALLIC ELECTRODES --.

Unfortunately, the Notice of Allowance does not reflect this change in the title. Accordingly, Applicants respectfully request the title be changed pursuant to the present Amendment, and that the issued patent reflect the correct title.

Respectfully submitted,

Mitchell S. Bigel
